## Présentation

Le Master "European and International Business Studies" est un master entièrement enseigné en anglais et destiné aux étudiants internationaux.

English Version : [Here](#)

Objectives :

- \* Gain Management skills to complete your training.
- \* Discover international innovative business models and strategies.
- \* Develop leadership and teamwork.
- \* Combine in depth learning, international mobility and work experience.

## Votre université

## Objectifs

With this Master program, you will be involved in the challenges of today's global business with analytical, rigorous thinking, and gain the tools to solve the most important problems facing international business nowadays.

You will learn how to describe, to understand, to react and to make decisions while considering all the dimensions and stakeholders of a management problem.

## Savoir-faire et compétences

The learning goals of the diploma are designed to meet the needs of today's rapidly changing enterprises including areas such as electronic business, finance, banking, corporate accounting, marketing, operations management, employment relations, management in the public, private and international spheres, information technology,

engineering, and event, tourism, sport, arts and leisure management.

You will develop advanced skills in a number of key subjects including accounting, economics, law, finance, marketing and strategic management.

The focus is on developing and designing :

- \* on how the practical aspect of management should be adapted and applied in various parts of the world.
- \* Capacity for analysing and synthesizing complex information and knowledge for tactical and strategic business decisions,
- \* Effective leadership and teamwork skills,
- \* Innovative business models and strategies matched with the principles of responsible corporate governance and social responsibility.

## Dimension internationale

You can choose your international mobility (semester 3) from one of our 50 partner universities.
